Foreword

We leave, as footprints in the sands of time, this yearbook, a record of our happy experiences together in FMHS. May you read it with joy, reliving these days of pleasurable activity and noble ideals. We are grateful to all who have helped in this undertaking.

THE PACEMAKER STAFF

Dedication

TO MR. LEE . . .

In recognition of your services to our school as sponsor of council, president of the faculty, and as sponsor of the junior class . . .

In recognition of your untiring efforts "to get the job done" and of your patience in all situations . . .

We, the students of Fort Morgan High School dedicate the 1951 PACE-MAKER to you.

Lorian - It has been a pleasure to work with you on this 51" Pacemaker. You also did an excellent job on the "Prom" - Best wishes for a very successful future and thanks for letting me play on the organ. Sincerely, Harold Lee

Superintendent's Message

You of 1951 are leaving the halls of F. M. H. S. to take your places in a world filled with confusion and uncertainty. It would seem that you may almost immediately be confronted with the necessity of sharing grave sacrifices in order that those in our country and others may remain free and independent.

Seldom, if ever, has there been a greater need for intelligent, socially minded leaders and followers. We trust that through your High School experiences you may have gained those qualities so needed for the citizen of tomorrow.

We believe in you and be assured we will follow your activities with sincere interest.

LOG BOOK OF THE PIRATE SHIP '51

We launched our pirate ship on a beautiful day of September, 1945, in a harbor called FMHS. We were an eager crew and were anxious to meet our mates and acquaint ourselves with our new duties.

We had smooth sailing through the seventh parallel and didn't raise the skull and crossbones once. The ship sailed on through the eighth parallel where we were threatened with the loss of some of our crew. We kept the vessel steady, however, and we began to prepare in earnest for the battles that would surely follow in the four years to come.

At the ninth parallel we elected first mate Betty Cutler and second mate Bob Solt to pilot us through a difficult passage.

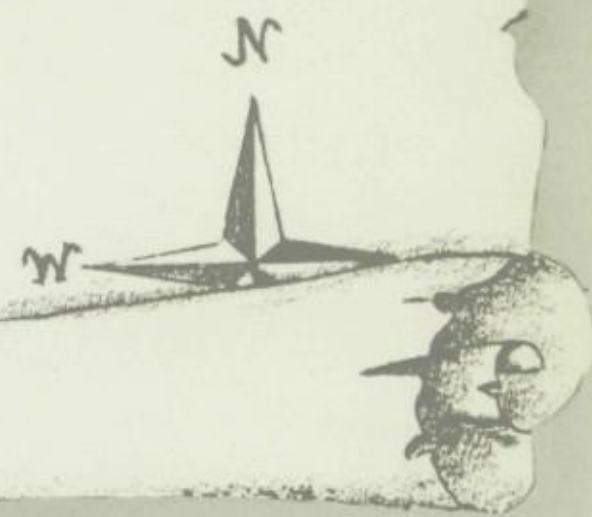

When we had safely reached the tenth parallel in '49, we knew that we were a full fledged pirate crew working together. Long John Bill Reed, our captain for a year, set the course our ship would take and the crew was more than willing to follow and keep our craft afloat. We attacked a ship named "Twirp Season" and carried off our first big prize. Our captain said that he intended to save the loot and use it for a prom the next year, and being a happy lot, we agreed. A play called "Happy Journey" seemed to symbolize what our six year cruise would always mean to the members of the crew.

At parallel eleven was our next conflict. The deck hands all worked hard to clean the ship up in waiting for the prom. Our new captain, Alan Osborne, didn't have any trouble controlling his crew and no sign of mutiny was shown. We stopped a ship that had been ahead of us for five years and invited them into our "Fairyland" banquet to have a wonderful evening on board our sea-worthy craft. Members of the crew introduced us to a family called "The Fighting Littles." Even more treasure was captured as a result of the production given to the guests on board the ship. At the end of that year Admiral Delmus Robinson and Vice Admiral Don Ostwald were chosen to steer the fleet safely home.

We finally have reached the twelfth parallel. Our cruise has been a happy one with untold rewards. Our shipmates have made such wonderful friends that we hate to end the voyage. The admiral is successfully bringing the ship back into the harbor we have all loved so well.

Years from now, when the crew is separated, the sailors on this pirate cruise will never forget the six years they spent on a journey through high school. We have captured the greatest prize of all. We have learned how to steer our ship alone and to work together in harmony.

Luan,

I can read so many good times
and all that we've had together that I
don't think we either one will ever forget.
I'm hoping that we will be able to go
to Phouat again this next year. I think
we could both write books on the fellows
with our diaries. How can I say what I
want to when you've been one of the sweetest
friends I could ever hope to have. All
our heart aches and happy times have been
on the same order for so long I do believe
that it will never be the same when we
part to go to college. It's not going to be
fun parting our senior years but here's
hoping we still have ~~loads~~ of more
good times together and may we always
be the best of friends
Love,
Pat

Irene → from
Luan.

neat way to start out isn't it? That's just me! You
know it's so darn hard to write down on paper what you
really want to say -- isn't it? Lulu, I want to thank you
for all the messes you got me out of and for letting me
cry on your shoulder when I felt blue like tonight out
at the dam. Thanks a million; you now know how I really
feel about things in life. You've gotten alot of honors
this year and I'm very glad that you did! So bad
you didn't get student body pres. because I think
you are the most capable although Jerry will do a
good job. (nice you know) I'm certainly looking forward to
cheering with you next year and I know will have fun!
Getting everything in school this year shows you have
a way with people (that I envy) and shows you have
leadership! I'd wish you alot of "luck" and all but
you seem to do well without any of it. Thanks again
for being such a wonderful and thoughtful friend
to me! I hope that when we part to go on
our separate paths through life, we don't forget
each other. Be Good Lu Lu! And ^{don't} let your inside
thoughts get the best of you! "Ahem!" Take it easy
and may you have many happy times!
Love Irene '55"

Dear Sister,

It seems that so very much Luan
has happened this year - that
we have done together - very
wonderful things - the election,
Brimbow, and our wonderful
prom! You are bound to leave you - we
think on the world then, and
best of luck to you always

Dear Sister,
Good luck & all that.
I'm looking forward to
knowing you better next
year. Love
P.J. I loved your organ
mending the night of the prom.

He love -
This is going to make you
"Cranky" being me write
about you. No conceit now!
You have really done alright
as a leaving student I hope
that your year will be as
much fun as the one. Luck
will not be need! I have
only one request I hope that
it will be up to you to take
care of Brown Eyes. Thanks
for all the help in Algebra!
Best wishes to you
Love
Mary

Luan -
Well gal - With your cute
smile and good looks -

Oh boy -
I am very glad I
have have your phone no.
in my black book - I'll
call you sometime -

We can always remem-
ber the good times we've
had - I'll see you
Robert.

Lulu -

Thank heavens I had you in that English class this year - when!

Lulu - you're a wonderful gal - when I look back at all the super times we've had, I always remember you with all your smiles, your full of fun attitude, and cuteness. I don't know whether I want to be a senior next year but if it's as nice this year, it will be something to wait for - huh - I hope I'll see a lot of you - have fun at state!

Jo "52"

Dear Lulu,

Well, here we are almost seniors! I've enjoyed knowing you and hearing your cute giggles for the past - years. Lots of luck to a gal that really deserves it.

Patty

Lulu - that a time we've had in the eleven years we've gone to school together! Stalking Miss Trip home & changing clothes were the grad school pranks - among other things - and the hi-school fun has consisted of dances & parties & pranks - among other things - draw this year has been most fun of all. There's to your luck & happiness. As ever - Jo "53"

Lulu best of luck to you in your song "someone's got to win" and you won't, but eventually all my Shwan will be with you! I don't resent you for it, but I rather enjoy your memories. I will probably forget all my memories with you, but I'll never forget the results of your going over his results with him. Congratulations! He's a wonderful guy, certainly some that's worth saying. I'll be on your side. If you're campaigning for you and I'm sorry your lost. Again, I think and may be very, very love, Helen

I decided to start
on an empty page
because it's going to take
a lot of work to come
near writing about all the
wonderful times we have had
together. I don't believe any more of
the school we have had some of
for that we have. We've done
the most stupid thing in the world (remember
the Baptist Church?) and had a long way
doing especially, Lulu, and I'm sure you will continue doing
just as much, and more. We still have one more year
together and ever after that I know will be good friends so
much. We've always talked every thing over and helped each other so
much. Best of luck in the future. See, you've been a
wonderful friend.
Love and kisses,
Lulu.

Luan -

I don't know just what to say - all the things we have done together,
all the dances, banquets, and other things we have done together - I
guess I could write pages and pages, but I won't. I can just hope that
you have enjoyed them all as much as I have. I guess we have
had our share of quarrels, but I don't mind it so darn much fun
to make up. I hope you won't forget all the things we have
done together right away. I know I won't forget them or you.
Remember when we first met, it seems like only yesterday. (You were such a nut.)
Ah well that's long past and I guess I'm writing to much anyway so I'll just
up and quit. I guess I should wish you lots of luck next year, but everybody
else is, and there are some things I don't want you to be lucky at next year.

PS. Will you please try to be good next year.
Dick
